

## VISION

Through innovation, Accurb Corptech India private Limited strives to create lasting value and contribute positively to society and its stakeholders. We accomplish this by producing high-quality, precision-engineered products that are both reasonably priced and prioritize safety, thus ensuring total customer satisfaction.

## MISSION

Our global leadership goal encompasses the manufacturing of precision steel tubes, machined components, premium automotive rubber and rubber to metal bonded parts. Achieved through innovation, quality, safety, sustainability and optimized resource utilization. We strive to deliver value driven product to all our esteemed customers globally.

Mr. Jasmeet Singh

Director
